

## Background

---

<b>Programming Languages</b>	Visual C#, ASP.NET MVC, ASP.NET, CSS, JavaScript, T-SQL, DHTML, XML, XSL, XSLT, VB.Net
<b>Clearances</b>	TS with DoD
<b>Development Applications</b>	Visual Studio, IIS, Photoshop
<b>Databases &amp; ORM</b>	SQL Server, SQL Server Express, Sybase ASA, MySQL, LINQ to SQL, Entity Framework, nHibernate
<b>Source Control &amp; Integration</b>	Subversion, Team Foundation Server, SourceGear Vault, Visual SourceSafe, CruiseControl.Net, TeamCity
<b>Patterns &amp; Methodologies</b>	Agile, MVC, Active Record, Strategy, Factory, Singleton
<b>Frameworks</b>	.NET, jQuery, Yahoo! API, Amazon Web Services, Livelink API
<b>Enterprise Applications</b>	Telligent Community, Community Server, SharePoint, Livelink, Tridion

## History

---

### Hunter Concepts

<http://hunterconcepts.com>  
12, 2007 – Present

#### CE City

<http://cecity.com>

asp.net mvc 2, .net 3.5, C#, jQuery, web services, sql server 2008, membership

Architect and Lead Developer for Support application for CE City products.

#### CERT

<https://www.vte.cert.org>

asp.net mvc 2, .net 4.0, C#, jQuery, linq2sql, sql server 2008

3<sup>rd</sup> version of online training application used by government and military agencies.

#### B&H Publishing

<http://www.bhpublishinggroup.com>

telligent community 5.0, C#, .net 3.0, jQuery

Theme & Development for Prayer Gates, Love Dare, and HCSB sites

#### Carnival Cruise Lines

<http://www.carnival.com>

community server 2008, C#, .net 3.0, jQuery

Theme for Funville kiosk application and custom components

#### Jane Nation

<http://www.janenation.com>

community server 2008, C#, .net 3.0, jQuery

Theme for women-oriented social network and custom components

#### DARPA

<http://www.darpa.gov>

System analysis and performance analysis. Hardware, Development, and Project Management documentation. Software development planning and requirements gathering

**Animal Attraction** asp.net mvc, jQuery, .net 3.0, C#, sql server 2005  
<http://www.animalattraction.com>  
Integrated custom design and built ASP.Net components for development team

**Network For Good** mvc, asp.net, C#, .net 3.0, jQuery, nHibernate, windows forms, sql server 2005  
<http://www.networkforgood.org>  
Enterprise Donation Management Portal for Non-Profits.  
Billing Engine, Emailing Engine, Custom Donation Interface Personalization  
Integrated ASP.Net support layer with RoboHelp  
Windows Application to allow Donation Portal to gain same design as client site

**HUD-OIG** asp.net, .net 2.0, sql server 2005  
<http://www.hud.gov>  
Developed final stage of application to track HUD complaints and to track fraud  
Combined and architected business logic into Core library for development team

**American Trucking Association** asp.net, c#, javascript, sql server 2000  
<http://www.gettrucking.com>  
Client and administrative site to promote truck driving employment.

---

## Hanley Wood

<http://hanleywood.com>  
4/2007 – 12/2007

**Community Server Web Services** .net 2.0, C#, asp.net, sql server 2005  
Web Services business layer to using API for managing 26 magazine sites.

**Keyword Manager** .net 2.0, C#, winforms  
Designed multi-technology application to explore Hanley Wood magazines and prompt Yahoo! Web Services to extract Keywords from any Article in any Magazine.

**Dream Home Source** .net 2.0, C#, xml, xslt, sql server 2005  
<http://www.dreamhomesource.com>  
Developed upgrades and bug fixes for Enterprise online magazine to allow better user interaction and extend existing functionality.

**eBuild** .net 2.0, C#, xml, xslt, sql server 2005  
<http://ebuild.com>  
Transformed designer html into xml and xsl to integrate with existing .Net HttpModule.

**CMS Analysis**  
Lead member of team doing analysis of many CMS products and chose Tridion CMS

---

## Data Research Group

<http://datarg.com>  
5/2006 – 4/2007

**Ivy** .net 2.0, C#, asp.net, javascript  
<http://datarg.com/IVY>  
Redesigned and built Data Model for Enterprise level system in .Net 2.0  
Document Management, Milestones, Organizational Structure, Chemical Inventory

**Power Grid** .net 2.0, C#, asp.net, ajax, javascript  
<http://www.assistedolutions.com>  
Architected, designed, and developed Grid Server Control

**Translation Services Portal** .net 2.0, C#, asp.net, javascript  
Developed app to manage workflow in document translation process

---

## Feld Entertainment

<http://feldinc.com>  
4/2005 – 5/2006

**Center For Elephant Conservation** .net 2.0, C#, asp.net

<http://www.elephantcenter.com>

Developed entire CEC website architecture for site to promote positive aspects of elephant care within the Ringling Circus

**Outlook Engagements** .net 2.0, C#, winforms

Architected windows forms and web service app to synchronize performances with Outlook calendar.
